GP Immunisation Update 2024

Presented by

Prof. Nick Wood

Staff Specialist General Paediatrician; Professor and Sub-Dean (Postgraduate Research) in the Discipline of Child & Adolescent Health, University of Sydney, and Associate Director at National Centre for Immunisation Research and Surveillance (NCIRS)

This virtual education session will explore:

- Respiratory illness update 2024 (RSV, Influenza and COVID-19) – vaccination eligibility, medical conditions – who and when to vaccinate
- Q fever clinical trial and research study
- Adult pneumococcal vaccination, consider: age, medical conditions, indigenous status
- Co-administration of vaccines in adults
- NSW Immunisation Specialist Service (NSWISS) - specialised clinical advice for clinicians

Program

- 7.00pm** Welcome, Acknowledgement of Country & Introduction
- 7.05pm** Education session (*Prof. Nick Wood*)
- 7.50pm** Q&A
- 8.00pm** Evaluation & Close

Note: Q&A time may be extended if there is a high level of audience engagement

Learning outcomes

- Discuss current recommendations for COVID-19, RSV and influenza vaccination. Know HALO principle
- Examine vaccination clinical trials at a local level
- Consider NIP pneumococcal NIP vaccination at recommended ages for non-indigenous people, Aboriginal and Torres Strait Islander people and adults with specified medical conditions
- Discuss preferred vaccines to co-administer for people eligible for Covid-19, influenza, RSV, shingles and pneumococcal vaccination
- Refer providers to NSWISS specialised clinical advice service as required
