## Basic Cardiopulmonary Resuscitation (CPR) for General Practice

HLTAID009 – Provide Cardiopulmonary Resuscitation

**Training Provider**

**Royal Life Saving NSW**

This interactive course describes the skills and knowledge required to perform basic cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

**Learning outcomes**

- Outline the main aims of first aid
- Perform Primary Survey, in a simulated situation, to assess danger, response, sending for help, airway, breathing, CPR and defibrillator use (DRSABCD)
- Perform CPR in accordance with current ARC guidelines
- Recognise when and how to use an automated external defibrillator

To **REGISTER** please [CLICK HERE](#)

*Note: Places are limited. If the session is full, please email [cpd@wnswphn.org.au](mailto:cpd@wnswphn.org.au) with a request to be added to the 'Wait List' (you will be contacted if a cancellation arises)*

### TERMS & CONDITIONS

- Please bring your **Unique Student Identifier No.** to the session (a requirement for assessment purposes)
- This course requires practical application of resuscitation and other practical scenarios that will require kneeling on the floor for at least 2 minutes. In order to achieve a Statement of Attainment, candidates must successfully complete the practical components under the Award conditions & a written assessment
- You are not required to present your ticket at this training session (a manual sign-in sheet will be available to record attendances)
- A Statement of Attainment will be issued to participants by Royal Life Saving
- GPs and Registrars will receive an additional certificate from the WNSW PHN with RACGP CPD and/or ACRRM PDP accreditation details and your attendance will be reported to the RACGP and ACRRM CPD Programs
