

NEW – GP Online Learning Modules

A new on-line learning resource is available to support knowledge and skills of GPs practice for Palliative Care Delivery

The free resources include six Modules of Learning – topics include:

- Principles of Palliative Care
- Communicating with people with life-limiting illnesses
- Advance Care Planning
- Assessing and Managing Symptoms
- Assessing and Managing Pain
- Awareness of Self-Care

The online modules learning will be supported further with evening case study based face to face workshops Nationally. These case study workshops will allow GPs to come together for 2 hours and discuss Palliative Care case studies with local Palliative Care experts.

Please go to <https://pepaeducation.com/upcoming-workshops-and-registration/> to see if local dates for your area have been created.

If you would like to know more about the GP resources, please contact the PEPA National Manager at pepa@qut.edu.au
