

Respiratory Conference

20 November 2025

Orange Ex-Services Club, Orange, NSW

The Respiratory Conference is a premier event designed to provide comprehensive respiratory education to all healthcare professionals.

Conference Goals:

- Enhance knowledge of respiratory consultation and diagnostic processes.
- Improve understanding of respiratory services.
- Educate on pharmacology of respiratory medications.
- Promote understanding of the role of individuals within the respiratory team.
- Promote understanding of oxygen processes.
- Promote understanding of non-invasive ventilation prescription and practice.
- Advocate for culturally safe care practices in respiratory healthcare.
