## Autism Spectrum Disorder (ASD) Update

### Presenter

Dr Sanjay Sinha  
Psychiatrist

This educational session will offer an overview of Autism Spectrum Disorder (ASD) in both children and adults with a focus on symptoms, screening, identification and current controversies. The session will also include a brief introduction to the intersections of ASD with gender dysphoria as well as a discussion of ASD within the broader context of neurodivergence.

### Program

- 6.30pm** Registration/light refreshments *(provided)*
- 6.55pm** Welcome
- 7.00pm** Education session
- 8.00pm** Q&A and interactive discussion
- 8.25pm** Evaluation
- 8.30pm** Close

### Learning Outcomes

- Describe the diagnostic criteria for Autism Spectrum Disorder (ASD) as outlined in the Diagnostic and Statistical Manual of Mental Disorders 5 (DSM V)
- Explain the role of the National Disability Insurance Scheme (NDIS) in meeting the growing demand for ASD-related supports and services
- Discuss the intersection of gender dysphoria and neurodivergence, with a focus on its relevance to individuals with ASD
