### Working Together for Young People's Mental Health: Understanding CAMHS, Common Presentations and Referral Pathways

#### Presenter

**Dr Radha Srikanth** MBBS MRCPsych CCT(UK) PgDip (Clin

Neuropsychiatry) FRANZCP Cert Child.Adol. Psych

Clinical Director, Infant, Child, Youth and Family Mental Health, Western NSW Local Health District

#### Description

This session provides an overview of Western NSW Child and Adolescent Mental Health Services, including the model of care, referral pathways and available supports for children, young people and their families. Participants will explore common child and adolescent mental health presentations. GPs will gain practical guidance on the assessment and management of child and adolescent mental health presentations, including pharmacological and non-pharmacological approaches, referral pathways, and identifying when specialist mental health intervention is required. This session also provides an opportunity to better understand local services and strengthen collaboration between general practice and specialist mental health services.

#### Program

**6.55pm** Participant login

**7.00pm** Webinar welcome

**7.05pm** Education Session

**8.15pm** Q&A

**8.30pm** Evaluation & Close

#### Learning Outcomes

1. Describe the Western NSW Child and Adolescent Mental Health Services model of care, including available services and referral pathways.
2. Recognise common child and adolescent mental health presentations encountered in general practice.
3. Apply appropriate assessment and management strategies, including pharmacological and non-pharmacological approaches, for child and adolescent mental health concerns in primary care.
4. Implement referral and escalation pathways to facilitate timely access to specialist mental health services.
