Inside Bathurst Health Service's Medical Imaging Department: *Enhancing Access to Diagnostic Care*

Presenter/s

Peter Traise - Senior Radiographer

Dr Choong Wong – MBBS/FRANZCR,
Interventional and Diagnostic Radiologist

Dr James Hillhouse - MBBS, FRANZCR,
Interventional and Diagnostic Radiologist

This session will showcase how imaging services at Bathurst Health Service support patient care across a range of clinical areas, including cardiovascular disease, women's health, interventional and specialist diagnostic pathways. Presenters will provide practical insights into the strengths and applications of each modality, referral considerations, and opportunities to optimise patient access to local diagnostic services. Participants will explore case-based examples demonstrating the role of medical imaging in supporting timely diagnosis, treatment planning and improved health outcomes across the region.

Program

- 6.00pm** Registration/Dinner (*provided*)
- 6.30pm** Welcome
- 6.40pm** Education Session – Peter Traise
- 7.20pm** Education Session – Dr Choong Wong
- 8.00pm** Education Session – Dr James Hillhouse
- 8.40pm** QA
- 9.00pm** Evaluation & Close

Learning Outcomes

1. Describe upgraded CT services available at Bathurst Health Service.
2. Identify appropriate indications for CT and MRI in primary care.
3. Select the most appropriate imaging modality and referral pathway for common clinical presentations.
4. Apply knowledge of local imaging services to support timely diagnosis, care coordination and improved patient outcomes in rural communities.
